

ACTIVITY & PARTNERSHIP PORTFOLIO

Ten Initiatives of Seva

A portfolio of programmes, and the partners we hope to walk with.

Ten needs, one method.

Each initiative is presented in the same three parts: the activity, a short note on what it does, and the brands we intend to approach for support. Nothing more is claimed than that.

The portfolio closes with the Birth Centenary of Late Shri Madhusudan Narayan, marked through the people the Foundation's work has reached.

100 Lives, One Legacy

Celebrating the Birth Centenary of Late Shri Madhusudan Narayan

The Centenary Celebration will bring together 100 individuals whose lives have been positively impacted through the Foundation's 10 initiatives, representing education, healthcare, disability support, child welfare, senior care, nutrition and social relief. The evening will also honour the partners, organisations and businesses from Bihar who came forward in support of these noble causes. Designed as an intimate evening of gratitude and recognition, it places the beneficiaries and the spirit of seva at its centre.

SUGGESTED EVENT TREATMENT

A small, intimate evening focused on gratitude, recognition and impact.

Highlight 100 beneficiaries through 100 short stories, portraits or impact moments.

Recognise the Bihar-based partners, organisations and businesses who supported the drives.

Keep the evening service-led and heritage-led rather than a conventional awards gala.

Use the centenary as the culmination of the 10-activity portfolio and the continuation of the founder's legacy.
