The Foundation

Jageshwari Kanti Narayan Foundation (JKNF) is a charitable foundation dedicated to serving underserved communities through meaningful, need-based support. Its work spans education, healthcare, disability support, child welfare, senior care, nutrition and social assistance, with a focus on preserving dignity and creating lasting impact.

Founded in 2006, JKNF carries forward the philanthropic legacy of Late Shri Madhusudan Narayan.

सर्वे भवन्तु सुखिनः

The line carried beneath the symbol in the primary lock-up. It is part of the logo artwork and is never typeset separately as a substitute for it.

AREAS OF WORK

Education

Healthcare

Disability support

Child welfare

Senior care

Nutrition

Social assistance

What the brand stands for

Four qualities the identity is built to carry. Use them to judge any new material before it is published.

01

Dignity

People are shown as participants, never as subjects of need. No pity framing in images or copy.

02

Need-based

Every claim names the specific support given. Concrete numbers over general sentiment.

03

Continuity

A legacy carried since 2006. The identity is formal and consistent rather than seasonal.

04

Restraint

Gold is a line and a mark, not a flood. White space carries the tone as much as the colour does.

01

The Logo

Construction, approved variants, protected space, minimum sizes
and the uses that are not permitted.

Primary lock-up and alternatives

The full lock-up is the default for all external material. Two alternatives are permitted where the full lock-up is too small, too wide, or where the name has to be read in Hindi.

SYMBOL WITH HINDI NAME

NAME SET SEPARATELY

Full lock-up	Covers, letterhead, signage, banners
Symbol with Hindi	Local signage, certificates, seals
Name set separately	Narrow spaces, forms, footers

The lotus symbol and the Hindi line are always placed from the supplied artwork. Only the roman name may be typeset, in Century Gothic caps. JKNF is used alone only after the full name has appeared once in the same piece.

Anatomy and construction

- A Lotus symbol.** Nine petals in the navy gradient, with the gold arc reading across the lower three. The symbol may be used on its own as an app icon, favicon or seal.
- B Shloka line.** सर्वे भवन्तु सुखिनः, set in Devanagari beneath the symbol. Part of the artwork; never retyped.
- C Gold divider.** A hairline rule fading at both ends with a centred diamond. It is the origin of the fading gold rules used throughout this system.
- D Wordmark.** Jageshwari Kanti Narayan in inscriptional serif caps with small caps.
- E Descriptor.** FOUNDATION, letter-spaced wide and optically centred to the wordmark above.

The five elements are fixed in size, spacing and position relative to one another. Scale the lock-up as a whole, proportionally, and never adjust one element alone.

Variants and one-colour use

Four approved files. Choose by the background, not by preference. When the background is busier than a flat tone, place the lock-up on a solid ivory or navy panel first.

FULL COLOUR
Default. On ivory or white only.

REVERSED IVORY
On navy, charcoal or dark imagery.

ONE COLOUR NAVY
Single-plate print, stamps, embroidery.

SYMBOL ONLY
Icons, favicons, seals, small merchandise.

Clear space and minimum size

x = the cap height of FOUNDATION in the descriptor. Keep at least 1x of empty space on all four sides. No type, image edge, rule or fold may enter it.

MINIMUM SIZES

VERSION	PRINT	SCREEN
Primary lock-up	35 mm wide	140 px wide
Symbol with Hindi name	25 mm wide	100 px wide
Symbol only	10 mm wide	40 px wide

STANDARD SIZES BY FORMAT

- A4 letterhead — 42 mm wide, top centre
- Business card — 32 mm wide
- Report cover (A4) — 60 mm wide
- Standee (3 × 6 ft) — 300 mm wide
- Social profile — symbol only, full frame less 12% padding

Misuse

None of the following are permitted, in any material, internal or external.

Don't stretch or condense

Don't recolour

Don't rotate or tilt

Don't add shadows or effects

Don't place on busy or low-contrast grounds

Don't place the colour logo on gold

Don't crop or bleed off the edge

Don't rearrange or re-typeset elements

02

Colour

The three brand colours, their reproduction values, and where each is allowed to sit on a page.

Palette and values

Three colours carry the brand. Everything else on a page is a tint of navy or a tint of gold. HEX and RGB are authoritative for screen; CMYK values are conversions for coated stock, and the printer should match the Pantone reference where accuracy matters.

Foundation Navy

#0F2A5C R15 G42 B92
C84 M54 Y0 K64 PMS 2767 C
Grounds, headings, body text

Heritage Gold

#C9A14A R201 G161 B74
C0 M20 Y63 K21 PMS 4515 C
Rules, marks, foil

Warm Ivory

#FAF8F3 R250 G248 B243
C0 M1 Y3 K2 Unprinted stock
Page ground, reversed text

PERMITTED TINTS

Deep Heritage Gold #9C7A2E
The only gold used as text. C0 M22 Y71 K39.

Navy 72% on ivory
Captions and secondary text only.

Navy 12% on ivory
Hairline rules, table borders, panels.

Placement and proportion

Target proportion across a piece: ivory dominant, navy for grounds, headings and text, gold under 8% of the inked area.

Heading in navy

Body copy in navy. Gold appears only as the rule above and as a small mark.

Preferred: light ground

Heading in ivory

On navy, text is ivory and the accent stays gold.
Never set body text in gold.

Covers and dividers

RULES

Gold is permitted as a hairline rule, a small diamond mark, a keyline on navy, and foil or metallic ink on print.

Gold is not permitted as a page fill, a large panel, a button fill, or text below 18 px.

Gold on ivory reaches 2.5:1 contrast. It carries lines and marks, never body copy.

Documents, reports, letters and web pages default to the ivory ground.

Navy grounds are reserved for covers, section dividers and banner headers.

Deep Heritage Gold replaces Heritage Gold wherever gold must read as text.

03

Typography

Two typefaces, one Devanagari companion, and a fixed hierarchy that carries across print and screen.

Century Gothic

ROMAN · ALL SETTING

Serving with dignity

The one roman typeface: headings, body copy, captions, tables, forms and labels. Regular for text, Bold for headings and emphasis. Its wide round forms need air, so keep line height at 1.6 and track display caps out by 0.1em.

Mangal

DEVANAGARI

जागेश्वरी कांति नारायण फाउंडेशन

All Hindi and Sanskrit setting, including bilingual signage, certificates and the Hindi name under the symbol. Set Mangal one to two points larger than the roman text beside it so the two read at the same weight.

JAGESHWARI KANTI NARAYAN FOUNDATION

The full name set separately is always Century Gothic caps, tracked +0.14em, in navy. This is the only text permitted to stand in for the wordmark.

HIERARCHY

LEVEL

SIZE / WEIGHT / TRACKING

Title 44 / Bold / +0.02em

Section head 32 / Regular

Sub head 19 / Bold

Body 15 / Regular / 1.65

Caption 12.5 / Regular

LABEL 10 / Regular / +0.18em caps

Hindi text Mangal, +1 to +2 pt

Substitutes where the brand fonts are not installed: Century Gothic → Questrial or Futura; Mangal → Noto Sans Devanagari. Substitutes are for internal office documents only, not for published material.

04

Applications

Stationery, identity cards, digital templates, print material, apparel, signage. Layouts shown flat with their sizes and placements marked.

Letterhead and envelope

A4 · 210 × 297 mm

DL envelope · presentation folder

SPECIFICATION

Logo width	42 mm
Logo position	Centred, 20 mm from top
Gold rule	0.5 pt, 8 mm below logo
Text margins	20 mm left and right
Letter body	Century Gothic 10.5 / 15 pt
Footer	Century Gothic 7.5 pt, centred
Stock	100 gsm uncoated, natural white

Continuation sheets carry the symbol only at 12 mm, top left, with no footer.

Business card

Front

Back

Shown at approximately 2x. The back carries the reversed lock-up centred at 40% of the card width, with nothing else.

SPECIFICATION

Trim size	89 × 51 mm
Margins	6 mm all sides
Logo width	32 mm
Name	Century Gothic Bold 9 pt
Designation	Century Gothic 6.5 pt caps
Contact	Century Gothic 6.5 / 11 pt
Stock	350 gsm matt, 4/4
Optional finish	Gold foil on the divider rule

Identity card and lanyard

Front · 54 × 86 mm

Reverse

SPECIFICATION

Card size	54 × 86 mm, portrait
Navy header	18 mm deep, full bleed
Logo width	32 mm, reversed, centred
Photo	26 × 34 mm, plain ground
Gold base bar	3 mm, full bleed
Material	PVC 0.76 mm, matt, rounded corners
Lanyard	Navy webbing, 20 mm, gold logo repeat

Role is set in the designation line: Staff, Volunteer, Medical Camp, Visitor. Colour never changes by role.

Email signature

Shown at actual size

SPECIFICATION

Logo	120 px wide PNG, hosted
Name	Arial 14 px, bold, navy
Detail text	Arial 12 px / 20 px, navy
Email link	Deep Heritage Gold, no underline
Divider	1 px rule, 40% width
Total width	Maximum 520 px

Use Arial, not Century Gothic: mail clients do not load web fonts reliably. No quotes, images, campaign banners or social icons are added to the signature.

Social media templates

Three 1080 × 1080 layouts cover almost all posts. The logo sits in the same corner in every template so the feed reads as one voice.

A · Statement

Navy ground, Century Gothic Bold 60 px, logo top left.

B · Photograph

B · Photograph

Image 80% of frame, ivory caption band below.

C · Event

Ivory ground, gold label, details in Century Gothic.

RULES

Profile picture: symbol only, centred, 12% padding, on navy.

Safe margin: 60 px on all sides of a 1080 frame.

Maximum 14 words of display copy per post.

Faces are photographed with consent. No stock imagery of poverty.

Gold is used for the rule and the label only, never as the ground.

Stories and reels: same templates at 1080 × 1920, logo moved to the top left with a 160 px top margin.

Banner and standee

Standee · 3 × 6 ft

Stage banner · 8 × 2 ft

SPECIFICATION

Standee	3 × 6 ft, 900 × 1800 mm
Navy header	280 mm deep, full bleed
Logo width	300 mm, reversed, centred
Headline	Century Gothic Bold 160 pt
Detail text	Century Gothic 48 pt minimum
Gold base bar	40 mm, full bleed
Artwork	150 dpi at size, 10 mm bleed, CMYK

The bottom 150 mm of a standee is often blocked by people standing in front of it. Keep only contact details there.

Volunteer apparel

Print placements are given as measurements from the garment, not as a picture to copy. Frames below are for the supplier's sample photographs.

Navy tee
Reversed lock-up, left chest, 70 mm wide, 70 mm below the shoulder seam.
JKNF BRAND GUIDELINES

Back print
Symbol only, 180 mm wide, centred, 120 mm below the collar. No slogans.

Cap
Full lock-up 70 mm on the front panel, or symbol only 45 mm. Embroidered, ivory thread.

PRODUCTION

Garment colours	Navy or ivory only
On navy	One-colour ivory print
On ivory	Full colour or one-colour navy
Method	Screen print or embroidery
Embroidery minimum	45 mm wide, symbol only
Gradients	Not reproduced; use flat navy

The gradient in the symbol does not screen print. Suppliers are given the flat one-colour file for all apparel.

Signage and vehicle

SPECIFICATION

Building sign	Navy panel, reversed logo
Logo width	60% of panel width
Clear space	1x, as page 09
Materials	ACP with vinyl, or brushed brass on stone
Vehicle logo	400 mm wide on door panels
Vehicle text	Century Gothic, 60 mm cap height min
Finish	Cut vinyl, matt; no gradients

On white or silver vehicles use the full-colour logo. On navy wraps use the reversed ivory logo.

Vehicle decal · door panel

Partner and donor logos

Programme material is often co-branded with the partners who support a drive. The Foundation's lock-up always leads; partner marks follow in a separate band, at a common optical size, in the order they came forward.

PARTNER BAND · DOCUMENT AND POSTER FOOTER

EVENT BANNER · REVERSED, SINGLE ROW

RULES

Hierarchy	JKNF lock-up first, always larger
Partner height	Maximum 60% of the lock-up height
Separation	Gold rule or 1x clear space between
Partner marks	Supplied artwork, unaltered, own colours
Maximum per band	Six; beyond that use two rows
Never	Partner mark inside the lock-up's clear space

Outreach and proposal material that shows brands not yet committed must carry this line, verbatim, in 7 pt: "Potential partners identified for outreach; no endorsement or commitment implied."

Programme naming

Every initiative is named the same way: the JKNF prefix, a Sanskrit or Hindi name, and a plain-English descriptor. The name carries the intent; the descriptor says what it does. New initiatives follow the same three parts.

01 JKNF Drishti
VISION & SPECTACLE

02 JKNF Vidya
EDUCATION SUPPORT

03 JKNF Saksham
MOBILITY & ASSISTIVE SUPPORT

04 JKNF Aarogya Sahayata
MEDICAL ASSISTANCE

05 JKNF Aashray
VULNERABLE CHILDREN

06 JKNF Saath
SENIOR CARE

07 JKNF Annapurna
COMMUNITY NUTRITION & SEVA

08 JKNF Shiksha
SCHOOL ESSENTIALS & INFRASTRUCTURE

09 JKNF Scholarship Circle
MADHUSUDAN NARAYAN SCHOLARSHIP

10 JKNF Dignity at Home
INDEPENDENT LIVING SUPPORT

SETTING A PROGRAMME NAME

JKNF Drishti

VISION & SPECTACLE INITIATIVE

JKNF in regular, the programme name in bold, both in navy. The descriptor sits under a gold rule in caps tracked +0.2em, never larger than 10 pt. Programme names are never given their own logo, colour or symbol.

ENDLINE

Meaningful change begins with helping one person at a time.

Hindi and bilingual material

Material produced in Hindi follows the same grid, colours, logo rules and clear space as English material. Only the typeface changes: Mangal replaces Century Gothic, and nothing else moves.

BILINGUAL LETTERHEAD HEADER

BILINGUAL BANNER · HINDI LEADS

MANGAL SCALE

LEVEL	SIZE / LINE HEIGHT
शीर्षक	40 / 1.45
अनुभाग शीर्षक	30 / 1.5
मुख्य पाठ	14 / 1.75
विवरण	11.5 / 1.7

सेवा, गरिमा के साथ

जागेश्वरी कांति नारायण फाउंडेशन शिक्षा, स्वास्थ्य, दिव्यांग सहायता, बाल कल्याण, वरिष्ठ नागरिक सेवा, पोषण और सामाजिक सहायता के क्षेत्र में कार्य करता है।

RULES

Set Mangal one to two points larger than the roman text beside it, so the two read at the same weight.

Line height never below 1.7 — matras and conjuncts need the room.

No letter-spacing, no faux bold, no caps and no italic in Devanagari. Emphasis is Mangal Bold only.

Latin numerals and dates in both languages, so figures match across versions.

Hindi leads for local and community material; English leads for donor, partner and government material. One language per sentence.

Programme names keep their roman spelling in English material and are transliterated in Hindi material. JKNF stays roman in both.

The shloka line under the symbol is artwork, not type. Never reset it in Mangal.

Where Mangal is not installed, substitute Noto Sans Devanagari. Do not substitute a Devanagari face with a heavier stroke weight, and never render Hindi as an image to keep a font.

Release checklist

- 01 Supplied logo artwork placed, not redrawn or re-typeset.
- 02 Correct variant for the background; contrast checked.
- 03 Clear space of 1x kept on all four sides.
- 04 Logo at or above the minimum size for the format.
- 05 Palette values taken from page 12; no sampled colours.
- 06 Gold used as line or mark only, under 8% of the inked area.
- 07 Century Gothic for roman text and Mangal for Hindi, at the sizes on page 15.
- 08 Photographs consented, dignified, no stock poverty imagery.
- 09 Print files CMYK, 300 dpi, with bleed; large format 150 dpi.
- 10 Foundation name spelled in full on first mention, JKNF after; programme names set as page 26.

APPROVALS AND FILES

Logo files, templates and this document are issued by the Foundation office. Request artwork rather than extracting it from a PDF or a website. Anything outside these standards needs written approval before it is printed or published.

Neelkanth, Brahmathan Path, Sheikhpura, Patna 800 014
